

# Fire Safety Awareness - Video CPD

Fire can be extremely dangerous wherever and whenever it occurs. We all need to understand how fire breaks out and know how to take steps to minimise the risk of this happening.

## Learning Outcomes

- •What does a fire need to start?
- •Managing fire safety
- •Risk assessment
- •Fire warning systems
- •Firefighting equipment
- •Signs and notices
- •Training
- •Daily checks
- •Emergency plan
- •Escape routes
- •Fire prevention
- •Responsibilities
