

We understand the added stress that booking exams can bring, especially when there is uncertainty due to being an external/private candidate. Please find all the information you need below.

Exam Fees

Please note we are only a course provider. Exam fees are separate and are not included in the course price. Exam fees for IGCSE/GCSE are approximately around £100 and £400 for A-Level (this also varies on the subject chosen).

You will need to book your exam externally, and fees will be paid directly to the exam center. We recommend that you look around and compare prices as they do vary.

Exam Location

Finding your nearest exam centre is easy! Just click on this link and we will locate the exam centres in your area:.....

We suggest that you begin by looking for availability in your local area but bear in mind that not all UK exam centres accept external/private candidates.

Exam Timetable

The exam dates vary according to the awarding body of your subject.

We advise that you book 6 months in advance to avoid late registration fees and secure your place.

**GCSE/IGCSE : twice per year (January and May/June)
(Nov and May/June for CIE)**

A-level: May/June

International Students

If you are studying from abroad, do not worry all the information you need is here.

Predicted grade

OCE's online courses use a progression tracking technology which enables both our tutors and yourself to see how many hours, assessments and scores you have completed whilst studying our courses. As such, we have the information necessary to calculate your predicted grade which you can then submit to the awarding body if needed.

Will I get the real certificate?

Yes, these courses are designed in parallel with the awarding bodies' specification for A-Level, GCSE and IGCSE. The material you cover is the same as that which will come up in your exams. Moreover, the exam you sit is booked directly with the awarding body, thus after successful completion you will be given an official qualification certificate from Edexcel/AQA/CIE- not from us at OCE.
