Your Journey to a UK University — Supported Every Step of the Way

Oxford College of Education works directly with universities, as well as through our affiliated partners, to help, guide and support students, agents and parents throughout the admissions process — ensuring a smooth journey to their chosen university.

Enquiry to Enrolment

We support students and parents from the first enquiry to final enrolment.

Right University & Subjects

We help you choose the right university and the right subjects.

Visa Application Support

We work with experienced immigration lawyers to reduce the risk of refusal.

Accommodation

We help find suitable and temporary accommodation, so students are worry-free.

Airport Service

Airport pick-up support, so parents can be worry-free.

UK-Based Team

Students and parents can reach us any time, before and after enrolment.

8,000+ learners across a wide range of exams and courses | **Student-focused — every student matters to us**

UK Qualifications & IB Compared

A simple guide to how IGCSE, AS Level and A Level compare with the International Baccalaureate (IB).

1. Stage-by-stage comparison

UK qualification		IB equivalent stage	Typical age
IGCSE	→	IB Middle Years Programme (MYP), Years 4–5	14–16
AS Level	→	IB Diploma Programme (DP), Year 1	16–17
One A Level subject	→	One IB DP Higher Level (HL) subject	16–18
Three A Levels	→	The full IB Diploma	16–18 / 16–19

2. IGCSE vs IB MYP grades

Approximate guide · IB MYP grades run 1–7

IGCSE grade	IB MYP grade
9	7
8	6–7
7	6
6	5
5	4–5
4	3–4
3	3
2	2
1	1

3. A Level vs IB Higher Level

Based on UCAS Tariff points

A Level	UCAS points	IB HL
A*	56	7
A	48	6
C	32	5
D	24	4

In simple terms

IGCSE → final two years of the IB MYP

AS Level → first year of the IB Diploma

One A Level → one IB Higher Level subject

Three A Levels → the full IB Diploma

Important note for parents

IB and UK qualifications are structured differently, so there is no official grade conversion between IGCSE and IB. The IGCSE comparison is a general guide to academic level only. The A Level and IB comparison uses UCAS Tariff points, which UK universities recognise, but each university sets its own entry requirements. For example, a course asking for AAA at A Level might ask IB applicants for 36 points overall, or 6, 6, 6 at Higher Level.

For school transfers, university applications or specific entry requirements, always check with the relevant school or university.
